SPAIN'S NEW MINISTERS

Believed They Will Favor Negotiations For Peace

DEPORTATION OF DU BOSC AND CARRANZA FROM CANADA

Washington, July 12—Special—Despite all reports to the contrary it may be positively stated that this government has sent no communication to Spain informing that government of the terms upon which peace will be granted. Spain has made no request for such terms, and it would be manifestly improper for the president to offer any, besides being an excess of his authority. Congress will doubtless be called upon to arrange terms of settlement when Spain has had enough of war. The president can only proclaim a cessation of hostilities. The time for this has not arrived. When the Spaniards are driven from Cuba and Porto Rico it will be ample time to consider peace proposals. They will not be entertained, even if made, under present conditions.

Completely Surrounded.

Playa Del Este, Monday, July 11—Special—Santiago is now completely surrounded by the American and Cuban forces. The last gap was filled today by Illinois and Ohio troops. The Spaniards now have no avenue of escape left and must surrender. The bombardment was stopped shortly after noon, when Shafter sent a message to the Spanish commander under a flag of truce, asking them to surrender. It was at first reported that the Spaniards had run up the flag of truce. No reply was received to Shafter's message. Shafter decided not to take the city by assault, as it would cost too many lives. He will force the Spaniards to surrender by a bombardment and by starving them out.

Later reports from the front say there were 106 discharges from the ships, 100 of the shells counting. Many of the finest buildings in the city were reduced to dust. The slaughter and devastation became so great and sickening to the sight that Shafter sent word begging the surrender of the city before it was entirely destroyed. The Spaniards fought like demons, but were driven back. There was not over three hundred yards between the rifle pits of our men and the Spanish soldiers.

Spanish Spies Deported.

Washington, July 12—Special—The deportation of Du Bosc and Carranza from Montreal at the behest of the British government is received here with satisfaction. These men have been acting practically as Spanish spies, and although they have been able to accomplish little harm their presence in Canada has been a source of annoyance to officials here. They have received several warnings from the British officials, but failing to heed them have been conducted on board a steamer bound for Europe and are now on their way across the Atlantic. The course of the British government in this matter is regarded as another evidence of its friendliness to the United States.

Effects of the Bombardment.

Santiago, July 12—Special—Although the bombardment of the city has thus far been desultory and light, the damage done has been immense. Many of the finest buildings in the city have been utterly ruined. The fire of the Americans has not been confined to any particular locality, but has been distributed all over the city. Warehouses and public buildings particularly have suffered. There are few places left in which it is safe to remain for any length of time, and the inhabitants as a rule prefer taking their chances in the open air.

Off For the Front.

Chattanooga, July 12—Special—New recruits of the Second and Third Wisconsin and Second Kentucky of the First brigade left at four o'clock this morning for Charleston to join their commands. The entire Third Illinois will be sent to the front, and will be the next one leaving, probably Saturday or Sunday.

Surrender Expected.

Washington, July 12—Special—Ex army officers say that Shafter's dispatch evidently foreshadows the unconditional surrender of the town. As the dispatch was sent yesterday some officers believe the city has already surrendered.

A PASTOR'S JUBILEE

Members of Father Ward's Church at Beloit Propose Giving Him a Reception.

Beloit, Wis., July 12—[Special]—The members of St. Thomas' church are making preparations for their pastor's silver jubilee. It is the twenty-fifth anniversary of Father Ward's ordination and the fifteenth anniversary of his pastorate in Beloit. The first of the exercises will begin Wednesday evening at 8 o'clock, at the church, and the exercises will consist of vocal music and speaking. Miss Kealey, of Madison, will render several solos on the harp. Dr. Purcell, of Madison, Miss Helm, of Madison, and Miss Crystal, of Elkhorn, will take part in the program. Mr. Sleeper, instructor of music in the Madison University, will be accompanist. Father Cleary, of Minneapolis, will make the presentation speech. Smith's orchestra, of Janesville, will be in attendance Wednesday evening and also on Thursday morning at the mass, which begins at 9 o'clock, at which Rev. Father Cleary will preach the sermon. Thursday afternoon there will be a reception at the pastor's residence. A number of priests from different places will be in attendance.

LEAVE HOME AND PARTNERS.

George Church and Mrs. Henry Leonard Klope from Milton Junction.

P. M. Green, cashier of the bank at Milton Junction, is in the city today obtaining such facts as he can relative to the elopement of George Church with the wife of Henry Leonard. The parties to the elopement were near neighbors residing between Milton and Lima. Both left their home last Friday, Mrs. Leonard saying she intended to visit her parents at Fort Atkinson. At the same time Church left home, ostensibly for Whitewater. The couple met at Milton Junction, and it is supposed came to this city. Here, it has been learned, Church obtained an abstract of title to his farm, sold his team and wagon, and then disappeared. The absence of the pair was not discovered until they had plenty of time to elude pursuit.

A few days ago Church mortgaged his farm and secured \$800 in cash. He is supposed also to have had other money in his possession, so that he carried away with him about a thousand dollars.

The whereabouts of the runaway couple are at present unknown. Mr. Leonard is upon their track, and may give them a warm greeting if he meets them. He is particularly anxious to recover his daughter, who accompanied her mother. The child is but eight years old.

RESPONSES VERY LIBERAL

Contributions For the Soldiers Are Many and Generous

Members of the Soldiers' Aid society who have the subscription papers in hand are meeting with success on all sides. The majority of those who have been asked to contribute have done so willingly, being only too anxious to lend a helping hand to the boys now at Jacksonville. "I have met with very little opposition so far," said one of the ladies this morning, "and many of the men whom I have asked to contribute to the fund have given more than we have asked for."

Attention, O. E. S.

All members of the Eastern Star are cordially invited to attend a regular meeting of Janesville Chapter No. 60, O. E. S., Wednesday evening at 7:30 o'clock, at which time the fiscal address will be given.

BIDS FOR NEW BONDS

They Must Be In Secretary Gage's Office Before Noon Of July 14.

Washington, July 12—[Special]—Treasury officials have decided that bids for war bonds, to be considered, must be in Secretary Gage's office on the afternoon of July 14. Bids en route in the mails at that hour will not be considered.

POWDER MILL BLEW UP

Fifteen Men Reported Killed By An Explosion At Pompton, Lake N. J.

Pompton Lake, N. J.—[Special]—An explosion occurred at the works of the Laflin-Rand Powder company this morning and fifteen men are reported killed. The explosion was caused by the blowing up of the boilers.

NEWS FROM CAMP CUBA LIBRE

Capt. Hanson Was Disabled For a Time By His Vaccination Working

A letter from Captain Hanson, of Co. A., arrived in the city last evening from Jacksonville. It stated that the captain had been under the weather of late and was obliged to suspend work on account of malarial fever. Captain Hanson stated that he was recently vaccinated and that must have had something to do with his illness. He adds that the boys are all anxious to break camp and go to Porto Rico, which place they expect will be their next camping ground.

DOWN THE RIVER BY BOAT

Party of Madisontons Who Are On a Novel Summer Outing

Russell Jackson, Earl Anderson, John Gray and H. Jackson, of Madison, arrived in the city this morning via boat. They have made the trip from the Capital City. The boys are enjoying a summer outing, and if nothing unforeseen happens they expect to make the trip to the Mississippi river. They are camping out on the way, and are taking their time along the route.

PLAY BALL IN BRODHEAD

Y. M. C. A. Team Has a Game on in the Neighboring Town

The Y. M. C. A. base ball team played the Brodhead team this afternoon in Brodhead. McMasters, who plays behind the bat for the local team, was ill in Beloit, and Strothers, of Beloit, was substituted in his place. The home team was composed of the following players: Kline, Brown, Jeffris, Strothers, Fisher, Blakely, Johnson, Kearney, Matthews and Welsend.

ARM BROKEN IN A RUNAWAY

Painful Accident Sustained by a Farmer Lad in Magnolia

Fred Hale's seven year old son was driving a team of horses on a hay rake this morning in the town of Magnolia. The horses bolted and smashed the rake to pieces. The boy was thrown clear of the teeth by some fortunate chance, but his left arm was broken a few inches above the wrist. He was brought to Janesville and Dr. E. F. Woods set the fractured bones.

SHAFTER IS HEARD FROM

War Department Receives a Long Cipher Message

HAVOC CAUSED BY THE BOMBARDMENT OF SANTIAGO

Washington, July 12—Special—A long cipher dispatch was received at the war department this afternoon from Shafter. As soon as it had been translated, Gen Corbin carried it to the president. War department officials would make no statement in regard to its contents, but the dispatch is believed to relate to the probable surrender of Santiago.

Shafter Reports Progress.

Washington July 12—Special—The following was received from Gen. Shafter this morning:

"Playa Del Este, Monday—It has been very quiet. But little fighting. A flag of truce has been up since two. Considering a proposition for surrender, now that I have the town surrounded on the north line. Only three or four casualties—one killed, as far as I can learn. I expect to have new batteries in position tomorrow. There is a great deal of suffering among the people who have gone out of Santiago. I am doing my best to relieve it, but am not entirely successful."

Siboney has been burned for sanitary reasons.

Looks Like Surrender.

London, July 12—Special—The resignation of the Sagasta ministry is thought here to be a step in the direction of peace. The ministry being responsible for the war could not acknowledge itself in the wrong without stultifying itself, but seeing defeat inevitable it has chosen to delegate to others the work of terminating hostilities. Whatever the queen regent's personal preferences may be, she will be compelled by public sentiment to appoint a cabinet with tendencies toward peace. It is probable that there will be only enough of belligerency in the new ministry to stand out for the best terms obtainable, or in other words to play the game of bluff with such a show of confidence as will save to Spain a portion of the stake she has risked on the game.

They Have Not Escaped.

Washington, July 12—Special—The story that Gen. Toral has succeeded in making his escape from Santiago, taking with him the bulk of his army, is discredited here. Such an escape would have been impossible, and the only ground for the report is the fact that the Spanish fire in response to the attack of Sunday was very feeble. This is accounted for by the fact that ammunition is low in Santiago, and the commander is saving it as much as much as possible to resist the final attack. There is every reason to believe that Toral's entire force is still in the city, and the soldiers will not emerge except as prisoners of war.

Can't Get Our Own Coal.

New York, July 12—Special—A Journal dispatch from St. Thomas, Danish West Indies, says the governor of the islands refuses the United States permission to take six thousand tons of coal belonging to the United States lying there. He threatens to prevent the removal by calling on the German, French and Italian gunboats lying in the harbor if an attempt is made.

Queen Willing to Negotiate.

London, July 12—Special—A dispatch from Berlin says the queen regent of Spain is willing to negotiate for peace direct with the United States. The maximum concession she will make is a declaration of Cuban independence.

The Philippine Rebellion.

Madrid, July 12—Special—An official dispatch from Iloilo says Agudid Aguinaldo is patrolling the coast with a squadron of merchant vessels. The rebels have been defeated at Cobu and three leaders captured and shot.

Hunting Spanish Privateers.

Victoria, B. C., July 12—Special—Two British warships have been hurriedly put to sea. It is reported they will hunt down the Spanish privateers said to be lying in wait for Klondike treasure ships.

Burglars gave Dunn, Boss & Co. a call, Monday night. Elmer Loofboro, who sleeps in the store, woke and saw a man at the cash register. He got his shot gun and drew a bead on the thief but unfortunately the trigger would not move and the gun could not be discharged. Loofboro then seized his revolver and fired at the rascal, but the distance was too great, and he escaped. The firm should provide their night watch with more serviceable firearms, as their place of business seems marked for visits from the burglar gang.

Deacon Lucius Bingham and his wife met with serious accidents Sunday. Their horse was frightened by a bicycle, jumped sideways and threw Mr. Bingham and his wife out of the buggy. The former received a bad cut on his forehead, requiring seven stitches to close it up, and other injuries. Mrs. Bingham was badly bruised and jarred by the fall and as both are well along in years they are not likely to make a quick recovery. The accident occurred on the Johnstown road near S. J. Clarke's.

The "town line" is wrought up over an alleged elopement. It is claimed that one farmer has run away with another farmer's wife, leaving his wife on the farm.

E. A. Babcock has gone to Coloma station, where he will spend his summer vacation in evangelistic work.

Mrs. E. G. Oakline, of Aurora, Ill., is visiting Mrs. H. A. O. Randolph and other Milton friends.

The public should remember that revenue stamps will not pay postage on letters, and all mail matter with revenue stamps thereon is held for postage.

Prof. Bush, the horse tamer, put up his tent here Friday, but did not do a large business in his line.

Miles Rice is not picking his current crop this season, except as he gets orders, the price not paying expenses for picking and shipping.

The remains of John T. Schultz, who resided several miles east of town were brought to the village cemetery for burial Friday afternoon.

Rev. F. O. Richardson and wife, of Jefferson, spent Thursday and Friday with their parents, Mr. and Mrs. R. Richardson.

Dr. E. D. Roberts, of Janesville, had professional business in the village Monday.

Mrs. Lizzie Crumb entertained a large party of friends Tuesday afternoon at a tea in honor of Mesdames Oakline, of Aurora, Ill., and Sheppard, of Alfred, N. Y.

Almon Eager, of Evansville, made a canvass of this town in the interest of his candidacy for the assembly, Monday. He feels very much encouraged with the outlook here.

Lima Center, July 12.—Miss Cora Keayon visited the past week at Tom Collin's and George Fuller's on Heart Prairie. Miss Ruby Bennett returned home Wednesday from a month's visit at Brodhead. Tom Collin's family spent Sunday with David Harris. Mary Hulce, of Winneconne, Wis., is visiting her aunt, Mrs. Stetson. Miss Kitty Bush, of Brodhead, is visiting her friend, Miss Ruby Bennett. After a ten month stay with her son in Sioux City, Grandma James returned home Saturday evening. Miss Ella Barker now has a new school. John Rachel and family of Whitewater, were callers at H. L. James', Sunday. Mrs. Will Phoenix and daughter Lillie, of Otter Corners, drove over to H. L. James' Sunday. Miss Lula returned home with them to stay until Tuesday night. Miss Ma-

bel Webber, of Whitewater, has been visiting her cousin Laura James, the past week. Memorial service for the fallen missionaries of the U. B. church were held by the Christian Endeavor society Sunday night. The Presbyterian and Methodist people joined in. On the fourth of July morning occurred the death of Charles Higgins, who has been a sufferer with consumption for the past year. Charlie had resided in Lima all his life and will be greatly missed by his many friends here. After a brief illness with inflammation of the bowels John Shultz died Wednesday morning. Mr. Shultz leaves a large circle of friends to mourn his loss.

Evansville.

Evansville, July 12.—Born, to Mr. and Mrs. Ed. Abers, (see Emma Higlow) of Chicago, July 14th, a daughter. Rev. O. P. Bester officiated at the marriage of Rev. P. S. Rogers and Miss Abbie Davis at Albany, Sunday evening. The various Sunday schools of our city will have a picnic at Winnequa Park, Lake Monona, Madison, next Tuesday, July 12. The children of the schools under fifteen years of age will be carried free. Adults will be charged the low price of 50 cents round trip, including a boat ride around the lake. Thompson's comedians will be in the opera house, Friday and Saturday, July 15 and 16. Charlie Hollister and wife, of Ravenna, Ill., were the guests of relatives over Sunday. Mrs. O. M. Smith, Jr., has gone to Oconomowoc to visit her sister, Mrs. Lizzie Rice. A flag pole 150 feet in length was raised on the lot in the rear of the bank on the morning of July 4. Mr. R. M. Antea has gone to Berkeley Springs, Va., to spend a couple of weeks with his wife and family, who are spending the summer at that place with Mrs. Antea's father, Mr. Cornelius. O. C. Colony is visiting his brother in Huntington, Pa. Mrs. Ada Johnson has been elected as director of the school board for the next three years. Mrs. William Antea and son Herbert are visiting a few weeks with relatives in Rockford. Miss Minnie Hayward is visiting her sister, Mrs. Stasia Titus, of Oregon. Prof. H. F. Kling and son Leroy have gone to New Hampton, Ia., to spend several weeks with his parents. Miss Mollie Deltloff is visiting her sister, Mrs. Eddy, of Afton. Martha Barnard returned from her Edgerton visit, Sunday. Miss Myrtle Hutson, Messrs. Whitte and Mackintosh accompanied her home, returning in the evening. John Stair returned to Chicago, Sunday evening, after spending a week with his family in this city. Married, July 9, Herbert Eugene Gray and Miss Ada Ethel Street, both of this city. Rev. Mr. Short officiating. Floyd West and Harry Johnson went to St. Paul last week, where they joined an engineering corps, and will proceed to the Philippines. Mr. and Mrs. W. E. Campbell, Jessie and Lyman Allen have gone to Chicago to spend a week, making the trip on their wheels. The Boney boys will give a patriotic concert in the opera house Wednesday evening; July 13, under the auspices of the G. A. R. and W. R. C. Prices 10 and 20 cents.

Tiffany.

Tiffany, July 12.—The storm in June cost the La Prairie Fire Insurance company about \$800, mostly losses of cattle by lightning. Mr. Pollock, of La Prairie, had a tenant house shattered by a bolt of electricity, the power of which astonished the insurance adjusters. It was wrecked in every part, and had it been occupied, there doubtless would have been a loss of lives. The Thompson brothers have completed setting sixteen acres of tobacco, all of which is in fine condition. Mr. Tarrant has large fields doing nicely. The acreage in the town is considerably increased, and is in good shape. Arthur B. Smith, for several years connected with the Tiffany creamery, is now engaged in the Rose creamery, in Audubon county, Iowa. He reports about 10,000 pounds of milk daily, and quality of goods first class. Quails are making their appearance again in the groves, and if let alone for a few years would soon become plentiful. Stiles Northrop has on his farm in Clinton a cottonwood tree which measures 10 1/2 feet in circumference. It was set out in the early forties. Mr. Northrop has also an orchard of 400 tame plums of eight varieties, 200 of which are Damsons, 50 Abundances, 50 Niagara, 50 Shipper's Pride, 50 Lombards. The Lombards are fairly bending with fruit, while the rest are bearing more or less. The Abundance is on Mr. Northrop's land—rich, black soil underlaid with sand—a partial failure. The other kinds are all remarkably healthy and thrifty. It is an experiment on his part and will worth the attention of fruit growers. Mr. Ralph closed his labors with the Congregational church last Sabbath, and will go to Yale University. His labors here are highly appreciated by the society, and he leaves many warm friends. Miss Tucker, of Mason City, Iowa, is visiting at Mr. Kennedy's. Loring Meloy had several sheep killed by dogs last week. Crops of all kinds look fine. In some fields barley and oats are down badly. Rye is being cut, and a splendid hay crop is fast being gathered. Corn is thrifty and standing good, best in years. Taken all together farmer's prospects are good. The Randall forty in Shopshire was sold last week for \$2100, to a party in Woodstock.

North Johnstown.

North Johnstown, July 12.—John Shultz died Tuesday night after an illness of nearly two weeks, of inflammation of the bowels. He leaves a wife and five children to mourn his loss. Mr. Shultz was a hard working, industrious farmer, and his sudden

death is a great blow to his bereaved family, who need so much his fatherly care. Funeral services were held Friday at the house. Mrs. O. B. Palmer and daughter Hazel, of White, water, were at the old home Thursday. The next meeting of the W. O. T. U. will be held with Mrs. Richard Cary, Thursday afternoon of next week. Mrs. Louis Wilcox, of Pomona, Cal., is visiting her brother Richard and other relatives here. During a terrible rain storm Friday forenoon Dexter Gray's wind mill was struck by lightning and the wheel shattered. The hay is well under way and some pieces of rye are already in the shock. Cherries and small fruit are very abundant owing to a great measure to frequent rains. William Osborn, of Milton, visited his brother Henry, Friday. A stock buyer from Elgin, Ill., was buying cows in this vicinity last week. Dr. E. Cary and family, of Whitewater, visited at the home of his sister, Mrs. W. Aldrich, and other relatives, the first of the week. Mrs. Eugene Cary, Mrs. H. R. Osborn and eight members of the Loyal Temperance Legion, six of whom were graduates, attended the L. T. L. convention at Stoughton, at which twenty-four graduates received diplomas. The whole number of graduates in the state are fifty-five for the present year. The next convention will be held at Sun Prairie. Mr. and Mrs. Ed. Thayer, of Whitewater, were at Elbert Rice's, Sunday. The main topic of conversation is the war and the incidents connected with it.

Magnolia.

Magnolia, July 12.—On the Fourth of July Old Glory was unfurled to the breeze. Zora Howard had the honor of raising the stars and stripes. There was singing and a speech by Rev. Mr. Rollins, of Evansville. The president of the day, Arthur Broughton, could not be present on account of the illness of his wife, G. H. Howard acting in his stead. Mr. Gray was marshal of the day. Miss Lulu Howard read the Declaration of Independence. The recitations and singing were good and last, but not least, was the marital band, whose music inspired all. Everything in fact was a success, even the fireworks were inspired with enthusiasm and caught on fire and went up all together. Our flag and pole is an honor to our town. The cost was about \$64. The presiding elder will preach at the Methodist church next Sunday. The Aid Society will meet with Mrs. Clifford Thursday. Cherry pickers come from all directions to this town and there are cherries enough for all. Fruit is very plentiful and is selling cheap. Frank Green has purchased a Shetland pony for his son, Beanie. The good news of victory from our army and navy was joyfully received here. Our thirty earth needs rain badly. Mrs. Mattie and Mrs. Wolcott won in the running race on the Fourth. The Janesville lady who competed was defeated.

Milton Junction.

Milton Junction, July 12.—Mrs. S. J. Carr returned home Saturday night, after an extended visit with her daughter, Mrs. W. C. King, at Springfield, Mass. Mrs. Carr was accompanied by Mrs. Florence Carr and the Misses Grace and Ethel King, who will remain for a visit of a few weeks with Mr. and Mrs. Carr. Frank D. Read, of the auditing department of the Chicago Times-Herald, is at A. W. Maxson's, assisting in the care of his father, N. J. Read, who is dangerously ill. Mr. and Mrs. Ezra Goodrich are home, after a week's visit with friends at Waterloo and Columbus, in this state. C. B. Hall, of Chicago, was in town the first of this week on business of the Hill Manufacturing Co., of which firm he is the senior member. Edward Read was called here from his home in Missouri, the first of the week by the serious illness of his father, N. J. Read. Miss Mizpah Sherburne, of Chicago, is the guest of Mrs. C. O. Clarke. Mrs. Anna Healy and daughter, of Mitchell, South Dakota, were visiting at the home of Mrs. Healy's father, James Craig. Commissioner J. O. Babcock is doing some good work in repairing the sidewalk.

Barker's Corners.

Barker's Corners, July 12.—The Ladies Aid society will hold an ice cream social at the United Brethren church this week Wednesday evening. All are invited. E. C. Taylor has a new banner wheel. Ethel Dodge has returned from St. Louis, where she has been the past two years, doctoring her eyes. Ed. Mizo and wife, from Chicago, spent Sunday at Wm. Hodge's. Sterling and Harold Campbell, of Janesville, are visiting their cousins, Lloyd Ingle and Glenn Flagler. Jim Schoolcraft has sold his interest in five acres of tobacco, two acres of potatoes and one of beans to John Flagler. Charles Brummond has added quite a few improvements on his house.

South Turtle.

South Turtle, July 12.—We think our jester must have fallen asleep, at any rate he has been very still of late. School has closed in the Murray district for vacation. Frank Crockett is home from Beloit High School. Mr. and Mrs. Ben Westby have a young son. Mrs. Dora Thorn Carpenter died Friday night at six o'clock. She taught in the Murray district some years ago. There was quite a good attendance at the school meeting Tuesday night. Mr. Reimer was chosen in place of Mr. Crockett and Mrs. D. G. Smith to fill the vacancy caused by Mrs. Hammond's resignation as clerk. A fine shower Friday.

Karl's Clover Root Tea for constipation. It's the best, and if after using it you don't say so return the package and get your money. For sale by People's Drug Co.

LOCAL DENTISTS TO VISIT MADISON

STATE SOCIETY TO CONVEENE NEXT WEEK.

Janesville Tooth Pullers on the Program With Important Topics to Discuss—An Interesting Session Has Been Prepared—Will Meet in the Assembly Chamber.

Local dentists are on the program for the twenty-eighth annual meeting of the Wisconsin State Dental society which will be held in the assembly chamber of the capitol July 10 to 21. Dr. R. J. Hart will read a paper, taking for his subject: "A Few of My Ideas." Dr. Chas. T. Pierce is down on the clinic program with the subject: "Method of Strengthening Frail Cavity Walls and Retaining Alloy Fillings." Dr. O. G. Bennett is a member of the committee to secure new members for the Dental Protective Association.

Prominent dentists from all portions of the Badger state are on the program, and the coming meeting promises to be one of the most interesting in the history of the society. The state board of dental examiners will hold its annual meeting at the same time and place for the examination of candidates to practice in the state and to transact such other business as may come before it. All reputable practitioners are invited to attend the meetings. The first day will be devoted by the society to papers, reports and business, and the last two to clinics.

REPUBLICAN STATE CONVENTION.

Headquarters Republican State Central Committee, Milwaukee, June 15.
To the Republican Electors of Wisconsin:
By direction of the State Central committee, a convention of the republican electors of the state of Wisconsin will be held in the city of Milwaukee on Wednesday, the 17th day of August, 1898, at 12 o'clock noon, for the purpose of nominating a republican state ticket to be voted for at the general election in November next, and to transact such other business as may properly come before the convention.
The republican electors of Wisconsin are cordially invited to unite under this call in sending delegates to said state convention.
In accordance with resolution recommended by the state convention and formally adopted by the State Central committee, in electing delegates to the state convention, in counties having more than one assembly district, except Milwaukee county, the unit basis shall be the assembly district, and in such counties delegates shall be elected by assembly district conventions, and the names of the delegates so elected shall be certified to the State Central committee by the chairman and secretary thereof; in all other cases delegates shall be elected by county convention.
Under the present basis of representation the several assembly districts in the state are entitled to one delegate for every two hundred and fifty (250) republican votes, or major part thereof, cast at the last preceding presidential election.
Special attention is hereby called to the fact that all conventions to elect delegates to the state convention must be called on a notice of not less than four weeks; all town or ward caucuses as primaries to state convention on a notice of not less than ten days, and that notice of the meeting of such convention or caucus shall be given in the usual manner.
As the State Central committee acts as the Committee on Credentials, it is requested that credentials of delegates elected, duly certified to by chairman and secretary of county or assembly district conventions, be forwarded to the secretary at Republican State Central Committee headquarters in Milwaukee. Immediately upon their election in every case giving the names in full and postoffice address.
EDWIN D. COOK, Chairman.
JOHN M. EWING, Secretary.
Rock county will be entitled to 33 delegates, distributed among the assembly districts as follows: First district, 9; Second district, 11; Third district, 13.

WHAT THEY HAVE HAD

The Madison Journal gives sketches of the office seekers of the LaFollette machine as follows: All public movements are usually judged and quite properly so by the character of the men who are conducting them. Let us apply this test to the alleged reformers in Wisconsin who are now trying to convince the people that things are all wrong and that they have suffered greatly at the hands of those who have held office and managed the party. As everybody knows the leaders who are attempting to get up an insurrection are Messrs. LaFollette, Haugen, Hoard and Hall. Let's see now about their office-holding and office seeking records. Mr. LaFollette though still quite a young man, has been district attorney of this county two terms four years; three terms, six years, in congress, and was a candidate for a fourth term and defeated; delegate to the last national convention, and a candidate for governor in 1906. Mr. Haugen was railroad commissioner of the state four years ago, eight years in congress, and wanted a fifth term, one or two terms in the legislature, and a candidate for governor in 1904. Mr. Hoard was governor one term, re-nominated for a second term and wrecked the party by his stubbornness, was a delegate to the last national convention, and a candidate for the place in McKinley's cabinet. Mr. Hall, well, Mr. Hall hasn't had much. He has been in the legislature several years, but never could accomplish anything there, nor get any higher.

Army officers are not unanimous in the belief that the new Krags-Jorgensen rifle is better than the old Springfield, and many of them ask that their commands be armed with the latter gun. A good deal has been said also as to the great superiority of the smokeless powder of the Springfield, but one of the best ordnance experts in the war department has declared that there are merits in both powders. In open fighting, the smoke often serves to obscure the marksmen from a return fire, while the man armed with the smokeless weapon is exposed to aimed fire.

JOURNAL CALLS ON HALL.

The Milwaukee Journal calls on Assemblyman Hall for an answer to the charge that his anti-corporation campaign is directed only at the railroads, as follows:

"A. O. Frost, ex-assemblyman from Oconto, publishes a letter discussing the Hall-Scotch controversy in which he says:

"I represented Oconto county in the state legislature in 1895 and 1896, and there I got acquainted with Mr. Hall, but I never knew him to fight any other corporations in the state but the railroads, and everybody knows there are others that can bear watching. The year I served in the legislature, Mr. Hall was chairman of the committee on lumber and mining. I introduced a bill providing for all corporations in the state to pay their labor in cash at the end of each month. Said bill was referred to Mr. Hall's committee for consideration, and Mr. Hall reported that bill for indefinite postponement without even showing the courtesy to notify me to be heard on the bill. Maybe Mr. Hall is an employer of labor and the bill might hurt his interest directly, or maybe the majority of Mr. Hall's most influential friends in his district belong to some corporation or other and it might hurt them!"

"Every workman in the state is entitled to payment of wages in cash and at stated times or intervals. No legislation on the labor question could be more advantageous to the daily labor of the state than that which would end delayed payments and the coupon system. The pluck-me stores are a blot on our state and exist only to rob labor of its just reward. The charge against Mr. Hall is specific; the charge is serious; it demands a clear and convincing defense."

General Miles has gone to the front on board La Grande. Dubuque. He is doubtless singing or this, with the hero of the opera:

"Voilà le sabre,
Le sabre, le sabre,
Voilà le sabre,
Le sabre du mon pere."

The Menasha Evening Press compares Cervera's dash for liberty with the LaFollette machine's dash for office. Cervera found the American fleet too much for him, and the machine will find the Republican fleet equally strong.

The Russian newspapers characterize the defeat of Admiral Cervera as "brutal slaughter," evidently forgetting the fact that the admiral well knew how to avoid such an unpleasant experience if he had desired to do so.

General Shafter is trying the new dynamite gun at Santiago, and it is expected to be surprisingly effective. Every shell is loaded with twenty pounds of gun cotton.

Blanco says it is "war to the end"—we do the war, and Spain furnishes the end.

Saw His Finish.

Gerald Hinkley threw himself down upon the leather couch and sighed deeply.

"What's the matter, old man?" his friend asked. "Have you been having hard luck?"

"Yes," Gerald replied. "I have lost the only girl I ever loved."

"What! has Beatrice Adamson refused you?"

"Well, not that, exactly, but her parents have advised her to take me in preference to my rival, Maurice Hiperson, and of course you know what that means."—Chicago Daily News.

A Recommendation.

Mrs. Green (who thinks of hiring)—But is the girl honest? Can she be trusted?

Mrs. Brown (the girl's former mistress)—You need not be in the least alarmed. She is perfectly honest. All the time she was with me I never knew her to take a thing—not even my advice as to how things should be done.—Boston Transcript.

Gave an Example.

"Yes, I belong to the new school of philosophy that inculcates a belief in the general futility of human research."

"Can you show us any examples?"

"Yes, I'm a member of a committee that's investigating trusts."—Cleveland Plain Dealer.

More Useful Than Ever.

"Now that your son is a partner instead of a clerk, Mr. Hardly, does he help you in your business as much as formerly?"

"A good deal more."

"That's fine."

"Yes; he never shows up at the office now."—Detroit Free Press.

ROBT. JOYCE JOINS KANSAS REGIMENT

FORMER LOCAL RESIDENT TELLS OF CAMP ALGER,

Escorted Dr. W. H. Judd Over One Of Uncle Sam's Largest Camp Grounds—Joyce Went From Janesville to Texas—Says He and His Comrades Are Well.

Robert Joyce, son of Patrick Joyce, of this city, who left Janesville several months ago to seek his fortune in Texas, is now leading the life of a soldier of the United States army. He is at present a member of Co. A First Regiment Kansas Volunteers, stationed at Camp Alger, eight miles from the city of Washington. Dr. W. H. Judd, of this city, who was in Washington last Thursday, paid a visit to Camp Alger, where, after considerable inquiring, he managed to locate the Janesville lad, who at the time the doctor called for him was drilling with his company. A Model Camp.

Camp Alger is one of the largest and best regulated army camps in Uncle Sam's territory. It embraces a 1400 acre farm on Virginia soil, for which the government pays a monthly rental of fifty cents on every acre of land. The camp is reached from Washington by both railroad and electric cars, which run to Falls Church, a town within three miles of the grounds. The rest of the way one makes the trip in any one of the 114 licensed vehicles that may be selected.

Discipline Is Strict

Strict rules regulate the camp on all sides and before Joyce could leave his regiment he was obliged to secure a pass. Then he and Dr. Judd made a thorough inspection of the whole grounds on which are located several thousand men, everyone anxious to get the word to go to the front. One of the most worthy institutions on the grounds is the Y. M. C. A. tent which is a luxury well appreciated by the boys. Several of the young men spoke of the good work the association is daily doing them. The meals are wholesome and one could not wish for better food.

Each day one regiment has a forced march of sixteen miles, and the next day they return home over the same route. This is done to get the boys in condition for long marches in case they are sent to Cuba. Two members of each company are allowed to have a day off so as to visit Washington, but Mr. Joyce up to the present time has not had that privilege.

While a resident of this city Mr. Joyce worked for some time for the local grocery firm of Skelly & Wilbur, and resided at 158 Lincoln street.

Costly Fire at Cincinnati.
Cincinnati, O., July 12.—A fire involving a heavy loss broke out Monday in the manufacturing district at Harriet and Sloc streets. It was first discovered in the dismantled warehouse of the McGill Grate and Mantel company and spread rapidly to the yards of the E. D. Albright Lumber company and other combustible manufacturing in that district. A four-story tenement house was in the line of fire and was destroyed, the inmates having narrow escapes. The total loss will reach \$150,000.

Metal in the Bank of Spain.
Madrid, July 11.—The following are the increases in the gold and silver holdings in the Bank of Spain for the week ended Saturday: Gold, 8,853,000 pesetas; silver, 6,525,000 pesetas. The note circulation increased 17,833,000 pesetas.

Rear Admiral Ammen Dead.

FIRST WILL GO TO PORTO RICO

THE NEWS FILLS ALL HEARTS IN CAMP WITH JOY.

Days of the Boys at Jacksonville Are Numbered—Officers Are Busy Supplying Deficiencies in the Equipment—All Are Prepared For Campaigning in Hot Weather.

Jacksonville, Fla., July 12.—It is again reported that the First Wisconsin regiment will soon embark for Porto Rico. This time the intelligence comes through Senator Shoup, who may, however, be misinformed, though the boys all hope the news is true. The regiments that are to be taken from here are the First Wisconsin, Second New Jersey, Second Illinois and the Second United States Volunteer cavalry. General Hurt is to lead the brigade.

Equipment supplied. The regiments are practically ready for active service, and all that is needed is a supply of provisions, ammunition and latrine equipment tools, which will be supplied by the authorities at Washington. There is a sufficient supply at the camp of mules, pack wagons and ambulances. The regiments lack but little in the way of personal equipments. Quartermaster Forest has been notified that deck uniforms intended for use in the field have been sent to the regiment. With the arrival of the uniforms the issue of a few hundred suits of underwear and 300 pouches will complete the equipment. Canteens, blankets, bags and haversacks of sufficient number to meet the deficiency resulting from their transfer to the Second and Third at Camp Harvey are en route. The inspection of the Springfield has shown that the regiment is well equipped in this particular. The number of pieces condemned was insignificant, and a force of experienced men are putting in repair all damaged pieces.

Accustomed to the Heat. The men in the ranks who came here with the First Wisconsin are now quite thoroughly acclimated. Five weeks in the broiling sun of Florida in the hottest of the summer has browned and tanned the boys to such an extent that it would be a pleasing sight for their friends and relatives to see. The boys have borne the heat well, have complained little of hardships or discomforts, and have acted bravely through the change of climate. There has been little sickness throughout it all and while the heat has and is still prostrating some of the boys while they are at drill, no cases of any serious result have been reported.

STATE DEMOCRATS MEET

Convention to Be Held in Milwaukee on August 31 Next

George W. Peck, chairman of the democratic state committee, has issued the call for the state convention to be held at Milwaukee August 31. The convention will consist of 600 delegates, fifteen of whom are allotted to Rock county. The call states that the basis of representation will be one delegate for each 250 votes cast at the last presidential election, a basis that was adopted at the meeting of the state central committee June 21 and which action was declared illegal by high authorities in the party. (Legal or not it will stand as the basis for the election of delegates.)

OLD SETTLERS KNEW CROAK

Died Last Week at the State Prison Aged Eighty Years.

James Croak, who is well known to many of the old settlers of Rock county, is dead, at the age of eighty years. His demise took place in the state prison at Waupun, he being the oldest prisoner in the penitentiary. He resided at Cottage Grove, Dane county, and on June 10, 1892, he killed John Drow with an ordinary pocket knife. He was indicted by a grand jury, H. M. Lewis being the district attorney, and on November 14, 1892, Judge H. S. Orton sentenced him to prison for life. He had been in the hospital for years. He used to spend his time playing checkers.

A SECOND DISH

Provided Too Much For Actual Need and Showed the Value of Condensed Food.

"When the new food was first placed in my store I took a package home to try. The name, 'Grape-Nuts' had attracted my attention and the statement that it was partly composed of grape-sugar excited my interest, as we all know that grape-sugar, made by certain methods of treating cereals, is one of the most nourishing and digestible articles, that can be eaten.

I rather expected to like the food but was not expecting that the children would take so kindly to it. Each one of the little folks, however, passed up the saucer for a second supply and so did I.

It is a delicious novelty and very grateful to the palate. I found, about midday in my second dish, that I had sufficient for a meal and realized for the first time that I was eating a condensed food that supplies one's wants with a few spoonfuls and does not require anything like the volume to furnish the amount of food required, as when any of the ordinary forms of cereals are served. Grape-Nuts are an elegant food and the Postum Cereal Co., Ltd., are to be congratulated upon the discovery," said M. O. Goosen, the well known fancy grocer of Grand Rapids.

It takes three hours for Chicago evening papers to get to Janesville. It takes less than one second for the telegraph to cover that distance. The Janesville Gazette receives full press association dispatches, and the news is three hours later than that of Chicago and Milwaukee evening papers sold in this part of the state.

Origin of the Word Filibuster. The name "buccaner" was chiefly affected by the English adventurers on our coast, while the French members of the profession often preferred the name of "filibuster." This word, which has since been corrupted into our familiar "filibuster," is said to have been originally a corruption, being nothing more than the French method of pronouncing the word "freebooters," which title had long been used for independent robbers.

THREE INJURED IN RUNAWAY ACCIDENT

HORSES FRIGHTENED BY PASSING GRAVEL TRAIN:

Mishap Took Place This Morning Beneath North Bluff Street Railroad Bridge—Four Occupants Were Thrown Out and Luckily Escaped Serious Injury.

A runaway accident which resulted in the overturning of a two seated vehicle and the throwing out and injury of three of its occupants took place at 9:30 o'clock this morning on North Bluff street, directly beneath the railroad bridge. The injured are: Mrs. Mary Williams, 400 Court street, bruised about the lower limbs and hips.

Miss Fannie Huling, 307 Court street, bruised about the face and wrist badly wrenched.

Mrs. Annie M. Noggle, 406 Court street, badly bruised about the entire body and face.

Miss Juliet Bostwick, daughter of Mr. and Mrs. J. M. Bostwick, was the fourth occupant of the rig, and barely escaped injury.

The entire accident was a fortunate one from the fact that no more serious injuries resulted.

Frightened by a Train.

At 9 o'clock the occupants left the city with the intention of making a pleasure trip into the country in the vicinity of the Four Mile bridge.

As they proceeded up North Bluff street, in a two seated rig, with a single horse, an outgoing train was noticed, and the ladies warned Miss Bostwick, who was driving, to stop and wait till it passed.

This was done, but just as the rig started ahead and when the horse was directly beneath the bridge, a gravel train from the north came thundering over and away went the horse into the air. The animal was a powerful one and all efforts to control him proved of no avail. He whirled to the right and in his effort to turn back upset the rig, throwing the occupants into the street.

Mrs. Williams was dragged along the sand for a considerable distance before she found herself free. Miss Bostwick was the last one to leave the rig and was carried some distance before falling by the wayside.

The horse, dragging the upset vehicle, was caught by men in a nearby lot where he had gone. But little damage was done to the rig.

Most Seriously Injured.

Mrs. Noggle was as badly hurt as any of the occupants. She is eighty-three years of age, and for one of her advanced years she is withstanding the strain much better than was expected.

Dr. J. W. St. John was called, and the injured ladies were made as comfortable as possible.

The rig is the property of J. M. Bostwick, and the horse is considered a gentle one. Under such trying circumstances, however, the kindest of animals are liable to lose their heads.

At a late hour this afternoon all of the injured were feeling easy, and their recovery is only a matter of a short time.

TILL DEATH DO THIEF PART

Marriage of Miss Anna M. Cleland and William Russell This Afternoon.

At 4 o'clock this afternoon Presiding Elder Pomeroy pronounced the words that united as husband and wife Miss Anna Matilda Cleland and William Russell. The ceremony was performed at the home of Winard Dugman, corner of Washington street and Magnolia road. Miss Helen Church acted as bridesmaid, while Morris Da'ron was best man.

Both bride and groom reside in this city. The bride is the daughter of Wm. Cleland, and is a most worthy young lady. The groom is in the employ of G. A. Shurtliff, and is a young man possessed of many friends. They will make Janesville their home.

ON A TOUR OF INSPECTION.

Milwaukee & St. Paul Railway Officials Pass Through Janesville.

Prominent officials of the Chicago Milwaukee & St. Paul Railway were in the city this morning in their private car. The party included Division Superintendent H. B. Earling and Assistant General Superintendent D. L. Bush, and several invited guests. Their stay here was brief, for their car was attached to the morning Madison north bound passenger. They are making an inspection of the road in this section of the state.

South Clinton.

South Clinton, July 12.—Mr. and Mrs. Ed Westby have a young son. Mrs. Hilker is now doing her own work. Rose Williams is home at present. Louise Newhouse and her brother drove to Beloit Friday. Winton Springer has closed his school for the year. Clarence Smith spent the Fourth with his sister, Mrs. Hiram Cooper. If you want to see Mr. and Mrs. W. E. Dresser's cyclone just ask about their baby girl. Haying is well underway. Plenty of fruit keeps our people busy these days.

To Make Firelighters.

Melt one pint of tar with a pound and a half of resin, and as it cools add half a gill of spirits of turpentine, and mix in as much charcoal and sawdust as will make a dry paste. Spread this in layers to cool, and when cold, break into small portions, of which two or three laid at the bottom of a grate will burn brightly, and rapidly ignite the wood and coals laid upon them.

GREAT RICHES FOUND

ARGONAUTS REPORT VALUABLE FINDS IN MINOOK CREEK.

Hunter, Hoosier and Little Minook Are Turning Out Much Wealth—Big Nuggets Have Been Found in the Last Named Stream—Work of Developing Claims.

The first direct news from Minook creek, on the Yukon, since the hundreds of prospectors were caught on the ice by the freeze up last fall came in the other day to Seattle, Wash. The news comes in a letter from Rampart City, dated Nov. 25, 1897. The letter establishes beyond a doubt that very rich finds are being discovered on the American side of the international boundary line. On this point the writer says:

"The prospect is good for a rich mining camp here. It will take the spring clean up definitely to determine what there is here, but the present indications are excellent on one creek. Minook creek comes into the Yukon on the left bank about a mile above Rampart City. Hunter creek, Little Minook creek and Hoosier creek are smaller streams, all running into Minook creek. Hunter creek comes in about four miles above, Little Minook about six miles above, Hoosier creek about eight miles from the mouth of Minook creek, often called Big Minook to distinguish it from Little Minook.

"In the order of supposed merit the creeks come, first, Little Minook; then Hunter, and the Hoosier. But little work has been done on the last two, and they may be found to be as rich as Little Minook or they may not. The work on them this season has hardly begun, as they, especially Hoosier, freeze more solidly than Little Minook, and but little can be done until the ground is frozen to bedrock.

The claims of Little Minook are 1,000 feet long, and those on Hunter and Hoosier are 500. All the claims on Little Minook, Hunter and Hoosier are already taken. There are a number of small streams flowing into them—Davison and Miller and several others without any special names. There are numerous other streams within a radius of 10 or 20 miles of Rampart City that look promising, but whether they contain gold in paying quantities can only be determined after they have been worked."

"The work on Little Minook is progressing rapidly and with very gratifying results to the owners of a number of the claims, where large nuggets and rich pans have been taken out. One eight ounce (\$136) nugget, one five ounce (\$85) nugget and a one ounce (\$17) nugget and several smaller ones have been found on William McClain's claim, No. 9, above discovery, within the last two weeks, and they are said to be panning from 40 cents to \$1.05 per pan on the claim. J. F. Burkman and Peter Jackson of Seattle have a lay on the claim. On No. 6, above discovery, Langford and Johnson's claim, they are said to be panning from 30 cents to \$1.30 per pan. One pan on No. 9, an exceptional one, of course, reached \$16. News has just come in that a \$21 nugget has been found on No. 8, above discovery.

"If this keeps up and half as good results are obtained on the other claims on the creek, it can readily be seen that Little Minook will show up as a wonderfully rich creek. The spring clean up will be needed to definitely settle how rich the creek is, but the big nuggets and rich pans have caused a good deal of excitement here, and everybody is feeling good. Claim owners on Hunter and Hoosier are arranging that there is no reason why those creeks should not turn out as rich as Little Minook. They are all in the same neighborhood, and all flow into Big Minook within a short distance of each other."

Harold Preston of the law firm of Preston & Gilman recently received from General E. M. Carr a letter dated Hunter creek, Minook district. General Carr declares the Minook district to be a most promising section from a mining standpoint and asserts that Little Minook is a second Bonanza creek. This statement General Carr makes after having personally investigated several claims which had been developed to bedrock.

The facilities for developing claims in the Minook district appear to be distressingly bad. In regard to this General Carr details the trials of a man named Joyce, saying:

"On claim No. 24, Little Minook, he in November went down 24 feet, every inch of which had to be picked. He has done it single handed, using a ladder, which he has to climb every time he takes out a bucketful. Under the regulations there at least 20 days of actual prospecting work must be done on each claim during the winter. In order to do this it is necessary to build a cabin to live in.

"The pay streak has been struck on Hunter creek, also on claims Nos. 60 and 100. The bottom of this creek is about 700 feet wide, making it extremely difficult to prospect. The warm and changeable weather in October and November retarded prospecting very seriously, so that little result has been accomplished upon any of the creeks other than Little Minook. All of the creeks there are being prospected diligently. Men are on their claims, preparing to work them if found valuable.

"Supplies are plentiful, but of high price. Here are a few instances: Poor tobacco, \$8 a pound; salt, 25 cents a pound; small heating stoves, \$30 to \$75; small brass hand lamps, \$15. Other things are in proportion. No cases of sickness or ill health are reported. There will be good openings for men to make good wages next year in this district if it turns out as rich as it seems to promise, but it is perfectly clear that a man, to make a success even at working for wages, must be strong, intelligent, capable of doing hard work and accustomed to work."—Chicago Record.

ILLINOIS DEMOCRATS.

Ex-Gov. Altgeld Addresses the State Convention.

Springfield, Ill., July 12.—The democratic state convention met here today. After the preliminary work of organization ex-Gov. Altgeld addressed the delegates, in part as follows:

He began his speech with a eulogy of Thomas Jefferson, the founder of the democratic party, and the statesman who "prevented the establishment of an oligarchy or ruling class in this country and deepened the foundations of republicanism."

He declared himself heartily in favor of pressing to a victorious conclusion our present war with Spain, saying: "Providence designed this nation to be the supreme mistress of the western hemisphere, and we must steer our vessel toward this haven. We must dig and absolutely own the Nicaragua canal. It is essential to our progress, to our safety, and to our convenience. For our own safety and advantage, as they become ripe for such a step, acquire the West Indian Islands, to round out our southeastern boundary and perfect our republic. We must have harbors all over the earth for the accommodation of our fleets, of our navy, and of our shipping."

"These things are in the line of our natural development and progress. They do not involve the establishment of a corrupt colonial system. They will be in line with the policy pursued by all of the great democrats who gave this republic the American continent. On the other hand, we must prevent these wild schemes of conquest and plunder which contemplate the establishment of a colonial empire on another continent and under conditions which must result in injustice and in gigantic scandals, schemes which, instead of adding honor to our flag, would pollute it in the estimation of mankind, schemes which would involve us in endless difficulties and wars, and which in the end could not give us any advantage over and above that which we would get by simply securing intimate commercial relations with these countries. Our motto must be 'the natural development and supremacy of this continent, but opposition to spoliation and conquest. A mighty Anglo-Saxon republic, not a mongrel conglomeration.'"

He charged the republican administration of the state with gross mismanagement and extravagance, and denounced the contract system in the Joliet penitentiary.

"I appeal to you, young men, prepare yourselves for the great work before you, for upon you it must devolve. Most of us who have been laboring in the vineyard, doing the little we could, now find that we have passed the zenith. We find that our shadows are growing longer, we find that our endurance and our activities are growing shorter. We can still work at clearing away the rubbish, we can still help to make the road over which the army shall pass, we can still stand guard at strategic points, but advancing armies, conquering armies, must be led by young men, men who have their careers before them. Rise to the occasion. Meet the demands of the time. Respond to the call of the age. Respond to the cry of humanity, and you can write your names against the skies in letters of glory, and win the blessing of all the generations to come."

On the question of the free coinage of silver he said:

"The poison of boodles will give us rheumatic knees and neuritic elbows if we do not cast it out. This poison, when you examine it, is a gold standard poison. The whole horde of boodlers either openly advocate the gold standard or secretly favor it, for that is the source from which the spoils come. The men fighting for the cause of silver get stronger every time a drop of this gold standard poison is cast out."

He concluded:

"The great principles we fought for two years ago are growing in strength. There will be a mighty struggle, but do not forget that the cause of humanity has always triumphed in the end. But we must be in earnest. When a century ago men faced the gallows by declaring for liberty they were in earnest. When the Continental troops traversed the ice-covered hills with bare feet and wrote their cause in letters of blood, they were in earnest. At every step in the great career of the democratic party through the first half of this century, it was in earnest. It had a grand, definite purpose, and I want to tell you now that the men who are to lead the great hosts of democracy for the next decade must be in earnest. They must have the souls of heroes and the spirit of martyrs. And that army which the Almighty has chosen to fight his battles and to conduct the great Jefferson of today from the Platte river to the white house must be in earnest, and it must have no boodles poison in its blood."

Wisconsin Democratic Call.

Milwaukee, July 12.—Chairman Geo. W. Peck, of the democratic state central committee, has issued the formal call for the meeting of the state convention in this city August 31. The call states that the basis of representation will be one delegate for each 250 votes cast at the last presidential election, a basis that was adopted at the meeting of the state central committee June 21 and which action was declared illegal by high authorities in the party. Illegal or not, it will stand as the basis for the election of delegates. The convention will contain 663 delegates.

Hawaiian Commission Meets.

Washington, July 12.—The American members of the commission appointed by the president under the act annexing Hawaii to the United States were in conference at the capitol Monday. Senator Cullum was chosen chairman of the commission. It was impossible to fix a definite time of departure, but August 1 was agreed upon as the approximate date for sailing from San Francisco. It is expected that about two months' time will be spent in Hawaii, and the commission hopes to have its recommendations prepared by the opening of the next session of congress.

Four Great Coal Mines Idle.

Pana, Ill., July 12.—Notwithstanding that Pana has four of the largest coal mines in Illinois, not a ton of coal has been dug since April 1. Operators announced one week ago that they would open their mines with non-union miners, but their mines have been surrounded by union miners, who have thus far prevented non-union men from taking their places. The union is daily receiving aid from state and national organizations and is able to remain out until the strike is settled. The operators refuse to arbitrate.

Spaniards Stop the Bombardment of Santiago.

CONTINUED FOR TWO HOURS.

Gen. Miles Lands from the Yale and Holds Conference with Gen. Shafter and Admiral Sampson—Arrival of Reinforcements Welcome.

Off Santiago de Cuba, via Playa del Este, July 11.—At 9:30 this morning, after several range-finding shots over the ridge protecting Santiago from the sea, the United States cruiser Newark opened fire into the city with her eight-inch guns. The New York, Brooklyn and Indiana participated in the firing at intervals of five minutes.

The bombardment lasted for two hours, when Gen. Shafter reported that the shells were mostly falling in the bay and doing but little damage. The last shot, however, struck a prominent church in the heart of the city, which was heavily stored with powder and ammunition, causing a tremendous explosion. The extent of the damage is not yet known.

When the warships ceased firing and before Gen. Shafter had begun a land attack a flag of truce was seen coming from the city. The object of this was not known when the correspondent left the front.

At 2 o'clock in the afternoon the United States auxiliary cruiser Yale, with Gen. Nelson A. Miles, and the United States protected cruiser Columbia arrived.

Rear-Admiral Sampson visited Gen. Miles immediately on his arrival, and then the Yale went to Siboney, Gen. Miles and his personal staff landing in a pouring rain.

Miles Meets Shafter and Sampson. Washington, July 12.—Gen. Nelson A. Miles, commanding the United States army, arrived off Santiago bay shortly after noon Monday. Upon the arrival of the auxiliary cruiser Yale, on which Gen. Miles was a passenger, communication was opened with Admiral Sampson, and the two commanders were soon in conference.

During the early afternoon Gen. Miles landed at Playa del Este and communicated with Gen. Shafter, commanding the American forces before Santiago, by telephone. What the nature and result of the two consultations were is not disclosed at the war department, but Gen. Miles doubtless was placed in possession of all points of the situation from the view of both the navy and the army.

Shafter to Retain Command.

It is understood to have been Gen. Miles' purpose to proceed immediately to Gen. Shafter's headquarters at Siboney, and after discussing with Shafter the latter's plan of campaign to make a personal examination of the American position. It is not to be understood that Gen. Miles is to supersede Gen. Shafter in command of the United States forces before Santiago. Gen. Shafter is operating there under written instructions from the secretary of war, approved by the president, and as long as he is able physically to direct the troops he will retain his command.

A prominent official of the war department said that neither the administration nor Gen. Miles had any desire to detract an iota from the credit due to Gen. Shafter for the plans by which he hopes to achieve a victory at Santiago.

Tests made recently of the naval ordnance gave very unsatisfactory results when it was attempted to project shells over the high hills from the open sea into Santiago city. Possibly better results made be attained today if the attack is resumed then, but there is more likelihood that the main reliance will be on such of the lighter draft vessels of Admiral Sampson's fleet as may succeed in getting closer to the shore and in a better position than the heavy battleships.

OTIS GOING TO HAWAII.

General is to Start with His Expedition Tomorrow.

San Francisco, Cal., July 12.—This week will see another grand expedition. The Peru, carrying Maj.-Gen. E. S. Otis and staff; six troops of the Fourth United States cavalry, under command of Col. Kellogg; two batteries of the Sixth United States artillery, under command of Maj. Grattan, and the City of Puebla, with the Fourteenth infantry detachment, will steam out of the harbor Wednesday.

Gen. Otis has decided not to wait for the New York volunteers, but will proceed at once to Honolulu to assist in the ceremonies of occupying Hawaii. He will remain at Honolulu until the other three vessels of the fleet destined for the fourth expedition come on; then the whole force of troops, with Maj.-Gen. E. S. Otis and Brig.-Gen. H. G. Otis, will proceed to Manila. The troops for the St. Paul, Rio Janeiro and Pennsylvania have not yet been selected. Gen. Otis is making all haste. He will turn over the command of the expeditionary forces to Maj.-Gen. Merriam, in command of the departments of California and the Columbia.

The fifth, and probably last, expedition, to the Philippines will await the return of the transports of the first expedition—Australia, City of Sydney and the Pokina.

the bombardment of Santiago by the vessels of Admiral Sampson's fleet, and the desire to have all the battle ships participate, the eastern squadron will not leave Santiago to attack the Spanish ports until Wednesday at the earliest. Two of the vessels attached to the squadron are the battle ships Oregon and Massachusetts. Telegraphic correspondence between Admiral Sampson and the navy department has developed the fact that the presence of these vessels is desirable in the bombardment, but it was said at the department that even if Santiago had not surrendered by that time it was almost certain that Commodore Watson's command would sail for Spain on Wednesday.

Deadly Fire for Spaniards. Headquarters of Gen. Shafter, July 10, via Port Antonio and Kingston, Jamaica, July 12.—From 4 o'clock this afternoon until dark the American guns have again been pouring a deadly fire into the Spanish lines.

Our men are greatly refreshed by their three days' rest and have been fighting with non-like spirit. The knowledge of the arrival of reinforcements gives them new enthusiasm. The artillery is in place and doing effective work. The fire from the Spaniards in trenches is very weak.

Shafter Reports the Losses.

Washington, July 12.—This dispatch was received from Gen. Shafter Monday afternoon: "Reports of casualties in action of July 1, 2, and 3 show: Killed, 23 officers, 208 men; wounded, 89 officers, 1,203 men; missing, 81 men. Grand total, 1,635. Number of missing will be reduced. Report by mail, giving names."

French Ambassador's Visit.

Washington, July 12.—Washington is busily discussing the meaning of the visit of the French ambassador to the white house Monday. It is generally interpreted to have had some bearing upon the war, but excellent authority warrants the statement that it was purely a formal affair.

One Ship May Be Saved.

Off Santiago de Cuba, July 10, via of survey appointed to examine the wrecks of the Spanish ships and to inquire into the nature of their injuries reports that only one ship can possibly be saved. This is the Infanta Maria Teresa, the former flagship of Admiral Cervera.

Du Bose and Carranza to Go.

Montreal, July 12.—Senor Du Bose, late secretary of the Spanish legation at Washington, and Lieut. Carranza, military attaché, will leave Montreal tonight by the Dominion steamer Ottomani at the urgent, and repeated request of the Dominion government.

Writing to Give Up Cuba.

London, July 12.—A dispatch to the Standard from Berlin says it is learned that Queen Regent Christina is willing to negotiate for peace direct with the United States. The maximum concession that she will make at present is a declaration of the absolute independence of Cuba.

Bryan Sent to Jacksonville.

Omaha, Neb., July 12.—The war department wired Col. Bryan Monday to move at once the Third regiment to Jacksonville. The further information was conveyed that the regiment is to be assigned to duty with Gen. Lee's command.

Calls Their Meeting Illegal.

Pittsburg, Pa., July 12.—Thirty window glass workers, representing factories in Indiana, Ohio, and towns adjacent to Pittsburg, met in convention here Monday. Lincoln Winner of Barnesville was chosen temporary chairman. A committee called on President Simon Burns, president of the Window Glass Workers' association, and asked him to preside at the sessions. He refused to recognize the convention and claimed it was illegal. Secretary Paul St. Peter also refused to attend. The convention adjourned until today. Burns will refuse to pay the expenses of the delegates, and another legal fight will then begin.

Government Crop Report.

Washington, July 12.—Preliminary returns to the statistician of the department of agriculture on the acreage of corn indicate a reduction of 3 per cent from the area harvested last year. There is a decrease of 502,000 acres in Illinois, 303,000 acres in Iowa, 661,000 acres in Missouri, 722,000 acres in Kansas, and 482,000 acres in Nebraska. Many other states likewise show a reduced acreage, but a majority of the southern states report an increase, ranging from 1 per cent in the case of North Carolina and Georgia to 5 per cent in Texas.

Thinks We Are After Samoa.

Berlin, July 12.—The Vossische Zeitung says it suspects that the United States intends to ultimately annex Samoa. It argues that the United States has no rights in the islands, while Germany, on the other hand, has many. Her voice in the future fate of the islands must rank before that of the United States and she must take care that her interests are protected.

Date of Launching Decided.

Madison, Wis., July 12.—The date for launching the battle-ship Wisconsin, now being built at the Union Iron works, San Francisco, is fixed for Saturday, November 26, at 9:30 a. m. It is not yet decided what Wisconsin

CAMARA STARTS FOR HOME

Gives a Guarantee as to His Destination.

SUFFICIENT COAL GIVEN HIM.

Spanish Minister of Marine Is Afraid Commodore Watson Will Be Able to Catch the Admiral in the Mediterranean—The Coast Defenses.

Port Said, July 12.—The Spanish armored cruiser Carlos V and ten transports remain outside this port, waiting for Admiral Camara, who, on board the battle ship Pelayo, left here Monday afternoon. The Spanish admiral was allowed to transship 600 tons of coal from the San Augustine last night, in the harbor, on furnishing a written guarantee that the Pelayo needed it and that the entire squadron is returning to Spain direct.

URGES SPAIN TO PEACE.

Leading Newspaper Gives Good Advice to Its Readers.

New York, July 12.—A copy of El Imparcial issued June 26, has been received here from Madrid. Discussing the probability of peace negotiations, El Imparcial says:

"What will be the opportune moment for peace? The very moment when the army and the people become convinced that there is no other remedy but to sue for it. Before that the army would consider itself humiliated and the people betrayed."

"Peace must not be sued for through the intervention of mediators, who, as Senor Romero Robledo says with much reason, would make the brokerage come high for us."

"The United States would feel more inclined to negotiate in due time a peace that would be honorable for us if we sue for it directly than if we leave it to the intervention of the powers of Europe, whom the United States has already not to fear, and on account of whose intervention she should take pleasure in making harder terms."

"Let us give up what we may have to give up, but let us still retain our dignity."

Aunon Fears for Camara.

New York, July 12.—A dispatch to the World from Madrid, Spain, says: "Capt. Aunon, Spanish minister of marine, says: 'It will take Admiral Camara's warships ten days to reach Cartagena, where there is more safety than at Cadiz. The torpedo boat destroyers and the auxiliary cruisers will be back sooner and will go to Cadiz and to Ferrol. The present danger is that if America dispatches her fastest cruisers, with the Oregon, Texas, New York and Iowa, they will waylay Admiral Camara in the Mediterranean. The coast defenses will be ready in ten days.'"

Hor. O. B. Bush, president of the Glomer County (W. Va.) Court, says that he has had three cases of flux in his family, during the past summer, which he cured in less than a week with Chamberlain's Colic, Cholera and Diarrhoea Remedy. Mr. Bush also states, but in some instances there were twenty hemorrhages a day—Glenville, W. Va., Pathfinder. This remedy has been used in nine epidemics of flux and one of cholera, with perfect success. It can always be depended upon for bowel complaint, even in the most severe forms. Every family should keep it at hand. The 25 and 50 cent bottles for sale by People's Drug Co., E. Milwaukee street.

Spindles Run in Fall River.

Fall River, Mass., July 12.—The mills of twelve cotton corporations, operating about 900,000 spindles, which have been closed since July 2, started up Monday. The Spade mills will continue shut down this week. The conditions of the print-cloth market did not lead the mills to resume, as prices continue very low, and the demand moderate.

SOMETHING ABOUT MUNYON.

Testimony Which Reveals the Famous Professor's Skill.

G. W. Drake, manager Star Market, Council Bluffs, Ia., says: "Suffered with stiffness and pain in my joints. One bottle Munyon's Rheumatism Cure drove out the trouble. I feel years younger."

Mr. W. N. Stoker, St. John's, Mich., says: "Had dyspepsia and stomach trouble. Was about as bad as could be. Tried everything. Munyon's Dyspepsia Cure cured me."

Mr. A. L. Daniel, Jr., & N. R. R. Co., Shepardsville, Ky., says: "Our boys say too much for Munyon's Remedies. Have used the Dyspepsia, Cold, Cough and Headache Cures and Vitalizer with the best results."

Mr. J. L. Hicks, 61 Patterson street, Indianapolis, Ind., says: "My wife was terribly afflicted with asthma for years. Munyon's Remedies in her case were wonderfully successful."

Dr. M. Alexander, Assoc. Editor, Chicago, Ill., says: "Munyon's Kidney Cure promptly cured me of that trouble. My friends use nothing but Munyon's Remedies."
